On May 15, 2012, the board of directors of Dorman Products, Inc. (the “Company”) approved a stock dividend on the Company’s common stock. The stock dividend is payable June 15, 2012 to shareholders of record on June 1, 2012. As a result of the stock dividend, each shareholder will receive one share of common stock for each share of common stock owned as of the close of business on the record date. To assist our shareholders in their understanding of the stock dividend, we have provided answers to the following frequently asked questions:

**What is the stock dividend?**
On the payment date, June 15, 2012, each stockholder will receive one additional share of stock for each share owned as of the close of business on the record date, June 1, 2012. After the stock dividend payment date, there will be twice as many shares outstanding.

The shares of common stock will continue to trade on the NASDAQ Global Select Market and have the same CUSIP number.

**What and when are the key dates for the stock split?**

**Record Date – June 1, 2012:** This date exists to determine which shareholders are entitled to receive the dividend.

- Any shareholder who owns stock as of the close of business on this date will receive one additional share for each share he or she owns.
- If you purchase shares between the record date and the payment date, you are not entitled to receive the dividend.
- If you sold your shares before the close of business on the record date, you will not be entitled to receive the stock dividend.

**Mailing / Payment Date / Distribution Date - June 15, 2012:** This is the date when Broadridge Corporate Issuer Solutions, Inc., the Company’s stock transfer agent (“Broadridge”), will mail you a Statement of Account or Direct Registration ("DRS") Transaction Advice detailing the dividend and the number of additional shares of common stock you received as a result of the dividend. Please note that the Direct Registration Transaction Advice or Statement of Account form reflects only shares held in your Registered Shareholder account at Broadridge. If you have any questions, please see the FAQ’s below or contact Broadridge at (877) 830-4936.
**Ex-Date for the stock dividend** – *June 18, 2012*: This is the date when the Company’s common shares will trade on NASDAQ Global Select Market reflecting the dividend adjusted price and increase in number of outstanding shares.

**Does the stock dividend dilute my Dorman stock holdings?**
No, this stock dividend will not change the proportionate interest a shareholder maintains in the Company’s common stock (e.g. a person owning 1 percent of the Company’s common stock before the dividend will continue to own 1 percent of the Company’s stock after the dividend).

**Will the stock dividend affect the value of the units held in the Company’s 401(k) Dorman Stock Fund?**
No, this stock dividend will not affect the value of units held in the Company’s 401(k) Dorman Stock Fund. The units held in the Fund are a mix of cash and common shares. Since the overall market value of the Company’s outstanding common shares is not directly impacted by this stock dividend, the value of the Fund is not directly affected.

**How do I access my stock dividend shares?**
Broadridge can answer your questions regarding access to the stock dividend shares. Below you will find answers to the most Frequently Asked Questions regarding the book entry of shares through the Direct Registration System or you can contact Broadridge directly at (877) 830-4936.

**Do I have to pay for the shares?**
No, you do not have to pay for the dividend shares you receive.

**Has Dorman previously declared a stock dividend?**
Yes, the Company declared a stock dividend in March, 2005.

**Will the par value change?**
No. The par value will remain at $0.01 per share.

**Do I have to pay taxes on the new shares? What happens to my cost basis in my old shares?**
No. You will not have to pay taxes on your receipt of your new shares. The Company’s distribution of the new shares to you pursuant to the stock split is considered to be a nontaxable stock distribution for U.S. Federal income tax purposes.

Following the stock split, you will need to allocate your pre-split tax basis in your old Dorman shares equally between your old Dorman shares and your new Dorman shares. Consequently, 50% of the pre-split tax basis in your old Dorman shares will be allocated to your old Dorman shares and the remaining 50% will be allocated to your new Dorman shares. For a shareholder who owns several blocks of the Company’s stock that were purchased at different times, this allocation must be done on a block by block basis.

You should consult with your own personal tax advisor if you have any questions regarding your own specific facts and circumstances.
Book Entry Share Ownership through a Direct Registration System: Frequently Asked Questions

1. What is Direct Registration System (DRS)?

Direct Registration is a method of recording shares of stock in book-entry form. Instead of being represented by a physical share certificate, your shares are held in your name and recorded electronically at the transfer agent, Broadridge Financial Solutions, Inc. Shares held in book-entry have all the traditional rights and privileges of shares held in certificate form.

2. What are the benefits of DRS?

Book-entry through Direct Registration System (DRS) is becoming the preferred method of share ownership (and required by all Exchange listed companies) because it:

- Eliminates the risks and costs associated with paper certificates such as storage, safety of securities and replacing lost or stolen certificates; and
- Permits electronic share transactions between your broker or dealer and Broadridge.

3. How do I participate in DRS?

If you currently hold share certificates, they are still valid and you do not need to take any action. If you would like, you can direct that existing physical certificates be converted to book-entry shares at any time by sending your physical share certificates, along with a letter of instruction, to Broadridge at the address listed below. No endorsements on the certificate are required. The method of delivery of certificates is at your election and risk. If delivered by mail, we recommend you send your certificates by registered, insured mail. A DRS Transaction Advice Form will be mailed to you within 72 hours of receipt of your request.

4. How do I keep track of my book-entry shares?

You will receive a statement or confirmation detailing any activity affecting your book entry shares shortly after a transaction has taken place. You may also request an additional statement at any time by contacting Broadridge.
5. What happens if I lose my DRS statement(s)?

Unlike stock certificates, the DRS statement is not a negotiable instrument, so there is no replacement fee. You can request a replacement statement at any time by contacting Broadridge.

6. How can I get stock certificates for my book-entry shares?

You can request a physical share certificate representing all or a portion of your book-entry shares at any time. To request a certificate for your book-entry shares, you may call Broadridge, visit their Web site or prepare a written instruction letter and mail it to Broadridge at the address listed below. A physical share certificate for your full shares will be mailed to you within approximately two business days of receipt of your request.

7. How do I transfer my DRS shares to my brokerage account?

- If your broker is a participant in the DRS Profile system, your broker may request your shares from Broadridge utilizing the automated profile system (Broadridge’s DTC Participant Number is 50054). You must provide your broker with the companies CUSIP number, your shareholder account number, your taxpayer identification number and the name in which the shares are registered. You must also provide your broker with the number of shares that you wish to transfer. Please be advised that your broker may request that you send him/her a copy of the statement of your book-entry shares with Broadridge.
- If your broker is not a participant in the DRS Profile system, please write to Broadridge at the address listed below, instructing Broadridge to credit your brokerage account. You must include your Broadridge account number, the name of your brokerage institution, your brokerage account number and the number of shares that you wish to transfer. Your letter of instruction must be signed by all owners listed in the account registration and the signatures must be guaranteed by a bank, broker or other financial institution that is a member of a Securities Transfer Association-approved Medallion program such as STAMP, SEMP or MSP. It would speed processing if you include a copy of the statement of your book-entry shares with Broadridge. Please coordinate with your broker to ensure that they will accept share delivery via the Direct Registration System.

8. How do I contact Broadridge Financial Solutions, Inc.?

Broadridge Corporate Issuer Solutions, Inc.
1717 Arch Street, Suite 1300
